

The European Charter on Local Youth Work

24/07/2019 - News from Europe Goes Local

The European Charter on Local Youth Work has been launched at the 3rd European Event of Europe Goes Local. The Charter is meant to be a practical tool to help the quality development of local youth work.

Having the Charter is a definitely a moment to celebrate but not the final step on the way to build more bridges between European policies, funding and local youth work. The next milestone is planned to be a **toolkit** that can guide the work with the Charter and **platform** where we collect good practices from local youth work.
