

Why do you work with young people?

Involved

Create an equal society

Young people are the future

Its like me.

To open up the world and provide various opportunities for finding their own way

Because I can influence the future society through the youth

Because I enjoy the process of young people's development.

To provide equal opportunities for young people to progress in life

It's my vision of the most important job on earth. I want to make a difference

Why do you work with young people?

They are the future, but they are already the presence!

Young people are important

To get inspired

Because Young people voices matter and to dismantle the structural inequalities that young people face

To empower and create equal opportunities for all social groups

What does PREVENTION means for you?

What does PROMOTION means for you?
